

2005-06 Renewals of Pesticide Licenses and Certificates

In July, the Department of Pesticide Regulation (DPR) mailed a leaflet about renewals to individuals and pest control businesses whose license and/or certificate will expire on December 31, 2004 (A through L license and certificate holders). The flyer detailed the new license and certificate fees and also outlined information licensees and certificate holders will need to submit for renewal. We hope this flyer was helpful.
